Official Product Name: “Will <company> sell <above/below/exactly/at least/between> <count> units of <product> in <geography> during <time period>?”

Rulebook: PRODUCTSOLD

PRODUCTSOLD[a][b]

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the cumulative number of units of <product> sold by <company> after Issuance and before <date>, as defined by publicly available sales figures. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, <company>’s official investor relations website, press releases, quarterly or annual reports, earnings calls, and/or regulator filings; statements or disclosures by authorized executives of <company> (e.g. CEO, CFO, Head of Product), The New York Times, The Wall Street Journal, The Financial Times, Bloomberg, Reuters, TechCrunch, The Information, The Washington Post, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<company>: <company> refers to a business entity specified by the Exchange, including corporations, limited liability companies, partnerships, or other legally recognized commercial organizations. Identification may be based on official name, stock ticker, registration jurisdiction, or other distinguishing features. In this context, <company> shall be understood to include all subsidiaries of the named business entity. This may also take the form of “None” or “any company”.

<product>: <product> refers to one or more goods, services, or offerings specified by the Exchange, whether existing, announced, or anticipated. Identification may be based on name, function, category, or other defining features.

<count>: The Exchange may list iterations of the Contract with <count> levels that fall within an inclusive range between 0 and 10,000,000,000 at consecutive increments of 1000. Due to the potential for variability in the Underlying, the Exchange may modify <count> levels in response to suggestions by Members.

<geography>: <geography> refers to a specific geographic area, such as global, supra-national, nationwide, a specific state, congressional district, region, county, city, or other subdivision specified by the exchange. <geography> may encompass numerous territories (e.g. “Asia” or “all cities in South Africa”). <geography> may also take the value "None."

<time period>: <time period> refers to a specific range of time as specified by the Exchange. This may be defined by exact dates (e.g., “between January 1, 2026, and December 31, 2026”), relative markers (e.g., “before July 1, 2027”), or broader intervals (e.g., “Q1–Q2 2027,” “January–March 2026”). “Between” is inclusive of both endpoints, while “before” and “after” exclude the specified date unless stated otherwise.

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <above/below/exactly/at least/between> <count> total units of <product> have been sold by <company> in <geography> during <time period>.

If no data is available or is not complete by <date>, all strikes may resolve to No. If data is released in ranges, the midpoint will be used for resolution, and if a lower bound is given (e.g. 10k+, the lower bound plus 1 will be used). If <geography> is global/the world, that shall represent the aggregate sum of all total units sold in each encompassed jurisdiction.

Minimum Tick: The Minimum Tick size for the Contract shall be $0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be $25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the day prior to <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is $1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
