Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <player> win <game> in <tennis match>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <player> win <game> in <tennis match>?” contract (Contract). The Contract will initially be listed after close-of-business on **April 24, 2026**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<player>**
- **<game>**
- **<tennis match>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile
Head of Markets
KalshiEX LLC

KalshiEX LLC

Official Product Name: “Will <player> win <game> in <tennis match>?”

Rulebook: TENNISGAMEWINNER

Summary: Player winning a specific tennis game

Kalshi Contract Category: Sports

Kalshi Internal Category: Sports

April 24, 2026

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Will <player> win <game> in <tennis match>?” Contract is a contract relating to Sports.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices C, D, and E.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.16 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.13 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

Confidential Appendices

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: “Will <player> win <game> in <tennis match>?”

Rulebook: TENNISGAMEWINNER

TENNISGAMEWINNER

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the officially reported score of <tennis match>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, the governing body sanctioning <tennis match> (the Association of Tennis Professionals (ATP), the Women's Tennis Association (WTA), or the International Tennis Federation (ITF), as applicable) and the official tournament authority hosting <tennis match> (Tennis Australia, the Fédération Française de Tennis (FFT), the All England Lawn Tennis Club (AELTC), the United States Tennis Association (USTA), or the official sanctioned tour or tournament operator, as applicable).

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<player>: <player> refers to a tennis competitor who is officially entered in the <tennis match> as recognized by the governing body of the event (e.g., ATP, WTA, ITF, or the organizing tournament authority). A <player> may be an individual athlete (in singles) or a doubles pair entered together as a team (in doubles). Where two players share the same surname, the player's full name as listed in the official tournament entry list governs.

<game>: <game> refers to a scoring unit of tennis as officially recognized by the governing body of the <tennis match> and reflected in the official match score. A standard <game> is won by the first side to win at least four points with a margin of at least two points (using 15/30/40/game scoring, with deuce and advantage where applicable). A tiebreak — including a set tiebreak (first to seven points with a two-point margin) and a match tiebreak or "super tiebreak" played in lieu of a final set (first to ten points with a two-point margin) — counts as a single <game> for purposes of this Contract. Variations such as no-ad scoring (first to four points, no deuce), Fast4 games, or other alternative scoring formats count as a <game> if the governing body so designates them in the official match record. <game> may refer to (but is not limited to referring to) a specific numbered or sequentially indicated game within <tennis match> (e.g., the first game of the match, the opening game of the second set, the next game), a game of a specified type (e.g., service game, return game, break of serve, tiebreak game), any game, a game or number of games qualified by a numerical figure (e.g., at least six games, exactly one game), a subset of games meeting specified criteria, "Any", or "No". Where <game>

refers to a numbered position, the numbering corresponds to the sequence of games as recorded in the official match score, with tiebreak games included in that sequence.

<tennis match>: <tennis match> refers to the officially scheduled contest between two players (singles) or two teams (doubles) as recognized by the governing body of the tournament. <tennis match> may be defined by the names of the players involved, by the stage of the tournament, as any tennis match within a set of tennis matches (including within or representative of the whole tournament), or by distinguishing characteristics. <tennis match> may also take the forms "Any" or "None".

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <player> has won <game> in <tennis match>.

A <game> is considered "won" by <player> only when the official governing body of the <tennis match> records <player> as the winner of that completed <game> in the official match score.

- A <game> must be fully completed and recorded in the official match score to count. A <game> that is started but not completed (e.g., due to retirement, walkover, default, or abandonment mid-game) does not count as won by either side unless the governing body officially records that <game> as completed and awards it to <player> in the official match score (such as where the governing body awards a game following a code violation, point penalty escalation, or similar disciplinary ruling).
- Where the rules of the event substitute a match tiebreak (e.g., a first-to-ten-point "super tiebreak") for a final set, that match tiebreak is treated as a single <game> for purposes of this Contract.
- Where the event uses an alternative scoring format (e.g., Fast4, pro sets, no-ad scoring, advantage sets), a <game> is defined in accordance with the format officially adopted by the tournament and reflected in the official match record.
- Where <game> refers to a specific <game> that does not occur in <tennis match> as played (e.g., the tiebreak of the third set in a match that ends in straight sets, or the twelfth game of a set that ends 6–4), the Contract for that <game> shall resolve to the last fair price determined in the sole discretion of the Exchange.

Additional clarification(s):

- If the <tennis match> is cancelled prior to the first point being played, the market will resolve to the last fair price as determined at the sole discretion of the Exchange.
- If the <tennis match> is cancelled or discontinued after the first point is played, all markets that are not already able to be unconditionally settled will resolve to the last fair price as determined at the sole discretion of the Exchange. Markets that can be unconditionally settled based on the games already completed and recorded in the official

match score prior to the point of cancellation or discontinuation shall be settled accordingly.

- If the <tennis match> is delayed but is scheduled to occur within the same containing tournament, the market will remain open. Additionally, if there is a change of venue, playing surface, or court conditions, but the containing tournament of <tennis match> remains, the market will remain open.
- If the <tennis match> is delayed and not scheduled to occur within the same containing tournament, the market will resolve to the last fair price as determined at the sole discretion of the Exchange and a new market will be created for the newly scheduled <tennis match>.
- If <player> withdraws prior to the first point of <tennis match>, all related markets will resolve to the last fair price as determined at the sole discretion of the Exchange.
- If <player> retires due to injury or other circumstance during the match, all markets affected by the retirement of <player> will resolve to the last fair price as determined at the sole discretion of the Exchange. Markets able to be unconditionally settled based on games completed and recorded in the official match score prior to the point of retirement shall be settled accordingly.
- If either <player> is disqualified after the conclusion of <tennis match>, the results of <tennis match> will not be adjusted.
- If data regarding the game-by-game results of <tennis match> is delayed or unavailable, the Exchange may wait 24 hours for data availability, after which it may resolve markets to the last fair price as determined at the sole discretion of the Exchange.
- If the format of <tennis match> changes and affects the available market(s), the Exchange may resolve to the last fair price for affected market(s) as determined at the sole discretion of the Exchange.
- If the official match score reported by a higher-priority Source Agency conflicts with that of a lower-priority Source Agency, the higher-priority Source Agency's record governs. If a Source Agency publishes a record that it subsequently retracts, corrects, or confirms was the result of a compromised, hacked, or erroneous source, the Exchange will rely on the final corrected record published by the Source Agency prior to the Expiration time.

If a natural person who is the primary subject of a Contract's Underlying or Payout Criterion dies prior to Expiration, Kalshi may, in its sole discretion, settle the Contract at the last traded price prior to the death. If Kalshi determines that trading activity was materially affected by the circumstances giving rise to the death, Kalshi may instead use the last traded price prior to such circumstances becoming known or reasonably anticipated by market participants. For purposes of this Rule, Kalshi may rely on an approximate time where the precise time is unknown or cannot be reasonably determined. If Kalshi determines that no last traded price represents a fair settlement, the Outcome Review Committee shall determine the fair settlement price. Kalshi may halt or pause trading in any such Contract (with public notice on Kalshi's website or the Platform) if it reasonably believes that the death of such person has occurred, is imminent, or that

circumstances giving rise to the death may be occurring. Determinations of Kalshi and the Outcome Review Committee under this Rule are final and not subject to review.

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be 48 hours after the latest scheduled date of <tennis match>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 7.1 of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 7.1 in the Rulebook.

APPENDIX B – TRADING PROHIBITIONS

In addition to the general prohibition against trading on material nonpublic information, the Exchange will institute additional prohibitions for trading the contract. Persons under 18 years of age are not permitted to create Kalshi accounts. The following individuals will be prohibited from trading:

- Current and former players, coaches, and staff of the league, association, or organization(s) governing <event>.
 - For college leagues/associations specifically, or where otherwise appropriate (as identified by the Exchange), this applies to current and former players/coaches/staff of the specific teams in <event> rather than the league/association as a whole (e.g., if the Division I Gonzaga Men’s Basketball Team is playing in <event>, this prohibition will restrict trades by current/former players of that team, rather than all current/former players/coaches/staff in any NCAA sport);
- Paid employees of the league and league participants;
- Ultimate beneficial owners of teams and the league; and
- household members and immediate family of all above.

These prohibitions apply to the appropriate values of <event>. For example, former players of the National Football League are not necessarily prohibited from trading on iterations of the Contract related to the National Basketball Association, unless they are part of any other group listed for that league.¹

¹ The Contract has not been endorsed by any league or association as of self-certification. The use of any names of leagues or associations does not indicate an endorsement of this product.
