Re: KalshiEX LLC – CFTC Regulation 40.2(a) Notification Regarding the Initial Listing of the “Will <player> win <tennis match> <set score>?” Contract

Dear Sir or Madam,

Pursuant to Section 5c(c) of the Commodity Exchange Act and Section 40.2(a) of the regulations of the Commodity Futures Trading Commission, KalshiEX LLC (Kalshi), a registered DCM, hereby notifies the Commission that it is self-certifying the “Will <player> win <tennis match> <set score>?” contract (Contract). The Contract will initially be listed after close-of-business on **January 16, 2026**; it is listed as the day after because of limitations of the Commission's online submission portal. The Exchange intends to list the contract on a **custom** basis. The Contract’s terms and conditions (Appendix A) includes the following strike conditions:

- **<date>**
- **<player>**
- **<tennis match>**
- **<set score>**
- **<above/below/exactly/at least/between>**

Along with this letter, Kalshi submits the following documents:

- A concise explanation and analysis of the Contract;
- Certification;
- Appendix A with the Contract’s Terms and Conditions;
- Confidential Appendices with further information; and
- A request for FOIA confidential treatment.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Xavier Sottile

CONCISE EXPLANATION AND ANALYSIS OF THE PRODUCT AND ITS COMPLIANCE WITH APPLICABLE PROVISIONS OF THE ACT, INCLUDING CORE PRINCIPLES AND THE COMMISSION'S REGULATIONS THEREUNDER

Pursuant to Commission Rule 40.2(a)(3)(v), the following is a concise explanation and analysis of the product and its compliance with the Act, including the relevant Core Principles (discussed in Appendix D), and the Commission's regulations thereunder.

I. Introduction

The “Will <player> win <tennis match> <set score>?” Contract is a contract relating to Sports.

Further information about the Contract, including an analysis of its risk mitigation and price basing utility, as well as additional considerations related to the Contract, is included in Confidential Appendices C, D, and E.

Pursuant to Section 5c(c) of the Act and CFTC Regulations 40.2(a), the Exchange hereby certifies that the listing of the Contract complies with the Act and Commission regulations under the Act.

General Contract Terms and Conditions: The Contract operates similar to other event contracts that the Exchange lists for trading. The minimum price fluctuation is \$0.01 (one cent). Price bands will apply so that Contracts may only be listed at values of at least \$0.01 and at most \$0.99. Further, the Contract is sized with a one-dollar notional value and has a minimum price fluctuation of \$0.01 to enable Members to match the size of the contracts purchased to their economic risks. As outlined in Rule 5.16 of the Rulebook, trading shall be available at all times outside of any maintenance windows, which will be announced in advance by the Exchange. Members will be charged fees in accordance with Rule 3.13 of the Rulebook. Fees, if they are charged, are charged in such amounts as may be revised from time to time to be reflected on the Exchange’s Website. A new Source Agency can be added via a Part 40 amendment. All instructions on how to access the Underlying are non-binding and are provided for convenience only and are not part of

the binding Terms and Conditions of the Contract. They may be clarified at any time. Furthermore, the Contract's payout structure is characterized by the payment of an absolute amount to the holder of one side of the option and no payment to the counterparty. During the time that trading on the Contract is open, Members are able to adjust their positions and trade freely. The Expiration Value and Market Outcome are determined at or after Market Close. The market is then settled by the Exchange, and the long position holders and short position holders are paid according to the Market Outcome. In this case, "long position holders" refers to Members who purchased the "Yes" side of the Contract and "short position holders" refers to Members who purchased the "No" side of the Contract. If the Market Outcome is "Yes," meaning that an event occurs that is encompassed within the Payout Criterion, then the long position holders are paid an absolute amount proportional to the size of their position and the short position holders receive no payment. If the Market Outcome is "No," then the short position holders are paid an absolute amount proportional to the size of their position and the long position holders receive no payment. Specification of the circumstances that would trigger a Market Outcome of "Yes" are included below in the section titled "Payout Criterion" in Appendix A.

**CERTIFICATIONS PURSUANT TO SECTION 5c OF THE COMMODITY EXCHANGE
ACT, 7 U.S.C. § 7A-2 AND COMMODITY FUTURES TRADING COMMISSION RULE
40.2, 17 C.F.R. § 40.2**

Based on the above analysis, the Exchange certifies that:

- ☐ The Contract complies with the Act and Commission regulations thereunder.
- ☐ This submission (other than those appendices for which confidential treatment has been requested) has been concurrently posted on the Exchange's website at <https://kalshi.com/regulatory/filings>.

Should you have any questions concerning the above, please contact the exchange at ProductFilings@kalshi.com.

APPENDIX A – CONTRACT TERMS AND CONDITIONS

Official Product Name: “Will <player> win <tennis match> <set score>?”

Rulebook: TENNISSETSCORE

TENNISSETSCORE

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the official final result for <tennis match>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, the organization governing and tournament hosting <tennis match>.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<player>: <player> refers to a tennis competitor who is officially entered in the <tennis match> as recognized by the governing body of the event (e.g., ATP, WTA, ITF, or the organizing tournament authority). A <player> may be an individual athlete (in singles) or a doubles pair entered together as a team (in doubles). Where two players share the same surname, the player's full name as listed in the official tournament entry list governs.

<above/below/exactly/at least/between>: <above/below/exactly/at least/between> refers to comparison operators. "Above" means greater than ($>$), "below" means less than ($<$), "exactly" means equal to ($=$), "at least" means greater than or equal to ($\geq$), and "between" means within an inclusive range ($\geq$ lower bound and $\leq$ upper bound).

<tennis match>: <tennis match> refers to the officially scheduled contest between two players (singles) or two teams (doubles) as recognized by the governing body of the tournament. <tennis match> may be defined by the names of the players involved, by the stage of the tournament, as any tennis match within a set of tennis matches (including within or representative of the whole tournament), or by distinguishing characteristics. <tennis match> may also take the forms "Any" or "None".

<set score>: <set score> refers to the exact number of sets completed and won by each side at the conclusion of <tennis match>. It is expressed as a pair of integers (e.g., 2–0, 2–1, 3–2). Only the exact set score listed in the Contract Title will resolve to Yes; all other outcomes resolve to No.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <player> has won <tennis match> <set score>.

Additional clarification(s):

- The set score (<set score>) shall be determined on the basis of sets that have been completed, not merely started, as reported by the Source Agencies.
- If <tennis match> is identified in the singular and does not begin, or all tennis matches in a set of <tennis match> do not begin, the market shall resolve to the last fair price.
- A match that is suspended and later resumed will be resolved based on the set score when the match is completed (or abandoned). If abandoned permanently after play began, the sets where play began are counted.
- If <tennis match> is cancelled, where <tennis match> refers to a single match, all strikes shall resolve to the last fair price determined in the sole discretion of the Exchange. If a tennis match is cancelled where <tennis match> is a set of matches, the above does not strictly need to apply.
- If a match is won by walkover (i.e. a player does not appear for the match and no points are played), the market shall resolve to the last fair price.
- If either <player> is disqualified after the match has begun but before the conclusion of the match, the sets where play was completed shall count toward the set score.
- Tie-break sets are treated as full sets for purposes of this Contract. A match tie-break (commonly played as a 10-point super tiebreak in place of a third set in doubles and some tournaments) will count as one set.
- If the <tennis match> is cancelled prior to the beginning of the first set, the market will resolve to the last fair price as determined at the sole discretion of the Exchange.
- If the <tennis match> is cancelled after the beginning of the first set, all markets that are not able to be already settled will resolve to the last fair price as determined at the sole discretion of the Exchange.
- If the <tennis match> is delayed but is scheduled to occur within the same containing tournament, the market will remain open. Additionally, if there is a change of venue, playing surface, or court conditions, but the containing tournament of <tennis match> remains, the market will remain open.
- If the <tennis match> is delayed and not scheduled to occur within the same containing tournament, the market will resolve to the last fair price as determined at the sole discretion of the Exchange and a new market will be created for the newly scheduled <tennis match>.
- If <player> withdraws prior to the first set of <tennis match>, all related markets will resolve to the last fair price as determined at the sole discretion of the Exchange.
- If <player> retires due to injury or other circumstance during the match, all markets affected by the retirement of <player> will resolve to the last fair price as determined at

the sole discretion of the Exchange. Contracts able to be unconditionally settled prior to the point of retirement shall be.

- If a player is disqualified after the conclusion of <tennis match>, the results of <tennis match> will not be adjusted.
- If data regarding the results of <tennis match> is delayed or unavailable, the Exchange may wait 24 hours for data availability, after which it may resolve markets to the last fair price as determined at the sole discretion of the Exchange.
- If the format of <tennis match> changes and affects the available market(s), the Exchange may resolve to the last fair price for affected market(s) as determined at the sole discretion of the Exchange.

Minimum Tick: The Minimum Tick size for the Contract shall be \$0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be \$25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the same as the Expiration Date. The Last Trading Time will be the same as the Expiration time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be 48 hours after the latest scheduled date of <tennis match>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 7.1 of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 7.1 in the Rulebook.

APPENDIX B – TRADING PROHIBITIONS

In addition to the general prohibition against trading on material nonpublic information, the Exchange will institute additional prohibitions for trading the contract. Persons under 18 years of age are not permitted to create Kalshi accounts. The following individuals will be prohibited from trading:

- Current and former players, coaches, and staff of the league, association, or organization(s) governing <event>.
 - For college leagues/associations specifically, or where otherwise appropriate (as identified by the Exchange), this applies to current and former players/coaches/staff of the specific teams in <event> rather than the league/association as a whole (e.g., if the Division I Gonzaga Men’s Basketball Team is playing in <event>, this prohibition will restrict trades by current/former players of that team, rather than all current/former players/coaches/staff in any NCAA sport);
- Paid employees of the league and league participants;
- Ultimate beneficial owners of teams and the league; and
- household members and immediate family of all above.

These prohibitions apply to the appropriate values of <event>. For example, former players of the National Football League are not necessarily prohibited from trading on iterations of the Contract related to the National Basketball Association, unless they are part of any other group listed for that league.¹

¹ The Contract has not been endorsed by any league or association as of self-certification. The use of any names of leagues or associations does not indicate an endorsement of this product.
